INCREASED TAX RATE VOTED AS ORDERED

Council Forced Accede To School Board Demands, Officials Say—A Busy Meeting

Notwithstanding vehement assertion from Hon. W. B. Smith, nestor of the Richmond bar, that he'd "sit there and rot" before he voted away the people's money in "outrageous taxes," the City Council passed the tax levy for the ensuing year with the \$1.35 school tax as demanded by the City Board of Education. Mayor O'Neil, Councilmen Hamilton and others explained that the councilmen, under the law have absolutely no power in the matter; that the school board can force them by court action to make the levy they want. City Attorney Rice declared he felt sure the rate would be made \$1.50 the legal limit by the board next year.

Considerable discussion was had over the failure of the Board of Education to obey the law requiring publication of a financial statement annually. Attorney Greenleaf, representing the board said that he felt sure the board had no objection to filing a statement with the council. He said that the board is preparing a "condensed statement" for publication in the paper, but he felt this statement would "not be satisfactory" to the council or public, inasmuch as it would be condensed as much as possible, probably with the idea of saving cost of advertisement.

The tax levy was then adopted without further discussion. It is for \$2.35 in the city. This includes \$1.35 for school purposes; 75c for general city expenses and 25c for a sinking fund for city street bonds, etc.

The council also adopted a license ordinance for the year beginning July 1st, 1922. In view of the fact that several amendments and revisions were suggested, it was decided that when the council adjourned it be to the evening of Thursday, June 15th at which time the changes suggested will be considered and acted on.

Councilman Sim Turpin, who has been away for some time, was the only absentee when the Mayor called the council session to order. Reports of city officers showed fines assessed by Police Judge G. Murray Smith for the past month \$226 and 10 days; Chief of Police Devore's report showed collections of fines amounting to \$249. City Collector Dykes showed \$421.93 collected from taxes, etc. These reports went to the Finance Committee for approval.

Mayor O'Neil said he had been considering the tarvia question with the street committee and finds that 15,000 gallons will be needed to cover the streets that require it. This has been priced at 16 1-2 cents a gallon, while gravel will cost \$1 a ton f. o. b. the quarry, and the freight rate will be about \$1.40, with the city getting a rebate of about 15c a ton. He said estimates showed about 300 tons would be required and the cost would amount to about \$4,000. On the other hand the mayor said he had been shown samples and estimates of Mexican asphaltic oil, which it was claimed, would give practically the same service as tarvia. The cost of this would be only 7c a gallon, he said, and the city would be able to use its old sprinkler in applying it. Upon motion of Councilman Hamilton, the Mayor and street committee were directed to thoroughly investigate the properties of this Mexican road oil and report at the next meeting.

The Mayor mentioned that firemen and policemen are usually given a ten-day vacation each year, but the council didn't make any action on the suggestion at this meeting.

Upon suggestion from the Mayor that a vaudeville tent show desired to come to Richmond, the council voted to make a rate of \$25 a day or \$100 a week on such shows in the new license. A request from citizens of East Walnut street for a light was referred to the Water and Light Committee, as was also a request from Mrs. Hayden for better light on North street extended.

A motion carried that Dr. J. G. Bosley be directed to have a

concrete sidewalk in front of his property on the Summit.

The Mayor was authorized to execute note for \$5,000 to the State Bank and Trust Company in anticipation of the next tax revenues to care for current expenses. Treasurer Turley filed school bond No. 26 which had been paid off. Its amount was \$500. This leaves \$7,500 in the old school bonds still outstanding.

Upon motion of Councilman Crutcher the committee on purchase of a police patrol wagon was discharged and Councilman Benton's motion that the mayor consider what ought to be purchased, "even if it is billy goat and wagon," was carried.

Messrs. M. C. Kellogg and W. W. Broadus offered assistance of teams and men to help put Orchard street in better shape. The former stated that perhaps 50 per cent of the commercial hauling of the city is done over this street, which leads directly to the freight depot. He feared someone was going to drown some day in a duckpond which is near the corner of Orchard and Main. It developed that a car of rock, which was consigned to the Carey-Reed Co., road contractors, is available. It seems that the rock arrived too late and could not be taken over a bridge. The car was shipped here by Boggs, Burnam & Co. from Yellow Rock. Sam P. Burnam said his firm holds the Carey-Reed Co. for the rock and the price to them was higher than the city could buy it. Mr. Kellogg said that he would guarantee that the difference was paid if the city could get the rock and would have it put on Orchard street and he and Mr. Broadus promised utmost co-operation.

On motion of Councilman Hamilton, the Street Committee was given power to act.

Permission was given Woods and White for installation of a new gasoline tank and pump on Second street. The council instructed City Attorney Rice to go ahead with a contract with Burton Roberts concerning erection of a small heating plant house on Water street. This action was not taken until after a protest from several citizens on Water street had been read and the matter discussed at length. It was argued that such a building would not only injure anyone's property or cause damage in any way, but would really tend to beautify the premises to some extent. Those whose names were signed to the protest were Ben Barnett, A. J. Latkey, W. J. Clark, C. B. Taylor, W. P. Adams and Miss Essie Dudley.

Just before Councilman Hamilton introduced the annual license ordinance, Secretary Peters of the Kentucky Billiard Association, made a short talk to the council on the purposes of his organization and its desire to keep the game of billiards respectable at all times.

The council decided to discuss certain features of the license ordinance at adjourned meeting, and then passed the tax levy ordinance after Hon. W. B. Smith had objected strenuously to the school tax. The tax levy calls for a poll tax of \$1.50. Attorney Greenleaf suggested that as the terms of four members of the school board expire this fall, their places might be filled by others, if certain gentlemen who object so strongly to the tax, would become candidates.

An ordinance prohibiting parking of automobiles within ten feet of fire hydrants in the business district was adopted.

An ordinance was offered by City Attorney Rice providing for a city license of \$5 a year on each automobile in town. Councilman Benton moved to make it \$3 instead of \$5. On motion of Councilman Hamilton this question went over to the adjourned meeting on the 15th.

Building permits were granted J. D. Dykes for a residence and garage to cost about \$4,500 on West Main street, and to R. A. Foster for residence on South Second street to cost about the same figure.

After payment of the bills, the council went into executive session with Dr. Riley, of the U. S. Health Department, and considered ways and means of quarantining those with certain infectious diseases. It was brought out that if the city attempts this, it may have to bear the expense, where-

Jay Bruce is the only official "State Lion Hunter" in America. California appointed him. He hunts 'em in a flivver. This is one of his recent trophies.

"RED" ROBERTS TALKS TO ROTARIANS

"Red" Roberts, captain of this year's Centre College football team, and All-American end on last year's crack team, made a short address to the Richmond Rotary Club at its regular weekly luncheon Thursday evening in the private dining room of the Hotel Glyndon. He was in town on a visit to friends. This was the first meeting of the local Rotarians since receipt of their international charter. An enthusiastic meeting was held and plans made for enlargement of the club's sphere. Several applications for new memberships were filed. The question of changing the time of meeting from evening to noon will come up at the luncheon next week.

BAPTISTS TALK OF NEW CHURCH

A delegation of about 20 members of the First Baptist church of Richmond went to Lawrenceburg Thursday to inspect the handsome new church home which has recently been built by the congregation there. The building there was modeled largely on plans for a church here which were made some time ago.

The Lawrenceburg church is equipped with a swimming pool, and other up-to-date features. It is said to have cost about \$80,000. Pastor O. O. Green, of the local church, is anxious to start a building campaign here at once, and the matter will be discussed at services Sunday morning.

COL. DUNBAR HURT BY WILD AUTO

Col. J. R. Dunbar, prominent democrat and ex-farmer of the Union City section, now a resident of town, was badly hurt about the leg when a car driven by a negro ran up over the curb at the corner of Main and Second streets Friday morning. Col. Dunbar's limb had been broken before and the injury he sustained was aggravated by the old trouble. He was taken to his home, where he is said to be resting as easily as possible under the circumstances.

Still Found At Sand Gap

Prohibition agent Flanery, recently appointed from Jackson county, reports that a still was seized and destroyed at Sand Gap with the alleged operators waiting in a nearby field with equipment for preparing and making a run of moonshine whisky. Mr. Flanery, since his appointment, May 13, has assisted in destroying seven stills and accompanying paraphernalia.

as the government can compel the county to undertake the work. It was finally decided that the Mayor and City Health Officer shall confer with County Judge Goodloe about the matter.

GARY ADMITS HE'S THE "WHOLE THING"

(By Associated Press)
New York, June 2—Albert H. Gary, chairman of the United States Steel Corporation, testifying before the Lockwood legislative committee today, denied that J. P. Morgan named the directors of that corporation. "I will have to admit and claim," said Gary, "that I do more of that than anybody else and always have." Samuel Untermyer, committee counsel, failed to get Gary to admit that he and Morgan controlled the corporation. A little later he said he could drive the independent steel companies out of business by reason of cheaper production costs, but he added, such ruthlessness would result in dissolution of the corporation under the Sherman act.

BELL CO. SLAYER GETS NEW TRIAL

(By Associated Press)
Frankfort, Ky., June 2—Sam E. Estridge, sentenced to life imprisonment in the Bell circuit court for killing Chad Woodward in May 1920, was today granted a new trial by the Court of Appeals. The court held the lower court should have instructed the jury on accidental killing.

LEE AND WARREN STILL LEAD IN OIL

(By Associated Press)
Frankfort, Ky., June 2—Lee and Warren counties continued to lead the state in the production and sale of crude oil during the month of April, according to reports made by the state tax commission by pipeline companies. Magoffin county was third in point of production and Estill county fourth.

The total pipeline run of the state during the month, as reported to the commission, was 722,382.07 valued at \$1,464,670.20 as compared with a production of 761,307.51 barrels valued at \$1,544,590.07 in March.

The price of the oil run thru the pipelines during the month ranged from \$1 a barrel in Bath county to \$2.68 in some of the other counties. The state realized \$15,047.50 under the tax of one per cent of the purchase price and the various counties received a total of \$7,703.75 at the rate of one half of one per cent of the purchase price.

Mathews Here on Visit

Mr. and Mrs. H. Mathews and "Red" Roberts drove over from Danville Thursday and are spending a few days here. Mr. Mathews conducted the Daily Register's successful subscription campaign last fall and made many friends while here. He has since then conducted successful campaigns at Danville and Somerset and now goes to Portsmouth, O., for a big advertising campaign. He received a cordial greeting on all sides from his many friends here.

WEST KENTUCKY OPERATORS BALK

And Want \$4.25 a Ton Says Hoover, Who May Now Call Wholesalers and Retailers

(By Associated Press)
Washington, June 2—Having obtained an agreement among operators producing 80 per cent of the bituminous coal now being mined to restrict spot prices to \$3.50 a ton for duration of the miners' strike, Secretary Hoover today is understood to be considering a conference of wholesale and retail coal dealers to discuss means of insuring that the public benefits from the price agreements.

Definite plans for a conference are not yet determined. In making announcement last night of agreement with the operators, Hoover said he regretted a small minority of the operators of western Kentucky refused to cooperate and demanded \$4.25 a ton price, which, he said, he did not feel justified in advising the public to accept, although production costs are higher there than in other fields.

GANFIELD NAMED TO OPPOSE LAFOLLETTE

(By Associated Press)
Milwaukee, June 2—Dr. W. A. Ganfield, president of Carroll College, former president of Centre College, Danville, Ky., was in the field today as the choice of the Citizens' State Republican convention to oppose Senator Robert LaFollette, leader of another faction within the party in the contest for United States Senator at the September primary. The convention unanimously elected Dr. Ganfield. On the wet and dry question the platform calls for "enforcement of law." Plans were laid to fight the LaFollette faction in the primary with a full state ticket, headed by William Morgan, state attorney general.

BIG ALIENATION SUIT NEAR END

(By Associated Press)
Louisville, Ky., June 2—Hearing of testimony in the \$50,000 alienation suit of Richard Williams, turkman, against former Sheriff William Ross, entered its final stages in the circuit court here today. Williams took the stand and denied that he ever consented that Mrs. Williams take automobiles with Ross and denied he knew of the arrangements between Ross and Mrs. Williams to which Ross testified yesterday.

Band Concert Pleases All

The first Thursday evening concert by the American Legion band pleased all who heard it. Notwithstanding the inclement weather the space around the bandstand was crowded and auto-stands full of pleased listeners almost blocked traffic, and the honking of horns after each number made a vociferous applause. The Chamber of Commerce, which guaranteed purchase of the new uniforms, will soon seek subscriptions to defray this cost. The band boys look mighty nifty in them and there isn't a finer amateur musical organization of the sort in the state anywhere.

Attention, Red Men!

You are requested to assemble at the lodge room next Sunday afternoon, June 4, at 2 o'clock for the purpose of joining with the Knights of Pythias and Odd Fellows in memorial services of deceased members. Please bring flowers. H. B. Sandlin, Sachem; R. W. Colyer, C. of R.

PUBLIC DEBT CUT TO "ONLY" 23 BILLION

(By Associated Press)
Washington, June 2—A reduction of \$51,000,000 in the public debt to \$23,190,000,000 during May was announced today by the treasury.

THREE BALLOONS STILL UNREPORTED

(By Associated Press)
Chicago, June 2—Three entries in the national balloon race which started from Milwaukee Wednesday presumably are still in the air. No reports of their whereabouts were received up to noon. Of those which have come to earth, that piloted by Lieutenant Commander J. F. Norfolk landed at Hancock, Missouri, 425 miles from the starting point. Six of the original 13 starters are unaccounted for.

BAUMSTARK REUNION HELD AT WACO

Waco, Ky., June 2
One of the most unique and delightful occasions of the neighborhood was the reunion of the Baumstark family when they met at the Flatwoods cemetery. Decoration day to decorate the graves of their ancestors. Representatives of six counties were present, numbering 33. Attending the graves, a picnic lunch was served and a social hour spent after which all repaired to the church where the oldest of the surviving children, Mrs. W. S. Grinstead, conducted a very impressive service. Those present from a distance were Mrs. W. S. Grinstead, of Staunton, Mrs. Annie B. Singleton, of London, Mr. and Mrs. C. K. Oldham, of Mr. Sterling, Mr. and Mrs. W. F. Baumstark and two children, of Georgetown, Mr. and Mrs. W. T. Baumstark of Cynthiana, Mrs. Robert Tipton and two children, of Fayette county, Mr. and Mrs. R. B. Baumstark, of Irvine, Mrs. E. H. Bybee, Mrs. J. W. Hamilton and daughter, of Richmond, and Mrs. T. C. Lowry and little daughter, of Huntington, W. Va.

Prof. G. D. Hamilton has gone to Somerset for indefinite stay. Mr. C. M. Lowry has returned to his home in Huntington, W. Va., after a short stay with his relatives at this place.

Rev. R. Herrington and G. S. McKinney went to Wilmore to hear W. J. Bryan deliver his lecture of Evolution.

Miss Gladys Hendren has returned from Danville where she attended school the past year.

Mr. and Mrs. T. J. Holliday have returned from a delightful visit with Winchester friends.

Mr. W. F. Wharton and family of Lexington, spent Sunday with Mr. and Mrs. J. V. Baumstark.

Miss Fannie Cox, of Richmond, spent the week end with Mrs. P. B. Baumstark.

Mr. Harold Moberly spent the week end with relatives at Irvine.

Mrs. G. S. McKinney has returned from Huntington, W. Va., where she visited her sister, Mrs. T. C. Lowry and Mrs. E. E. Noel.

Mrs. Lowry and little daughter, Emma Fern, accompanied her home for a visit.

Woman Jury Clears Slayer of His Wife

Louisville, Ky., June 2—The first all-woman coroner's jury in the history of this city today found Joseph Ingraham, who shot and killed his wife, Mrs. Ella B. Ingraham, at their home here May 15, accidentally under the belief that she was a burglar.

HUGE STILL FOUND IN JACKSON CO. CAVE

Dry Raiders Discover Big Outfit Cleverly Concealed on Horse Lick Creek

Four stills, ranging in size from 40 to 70 gallons, a quantity of moonshine and stilling equipment were seized, five men arrested and one man escaped following a seven day raid by federal prohibition officers in Jackson and Estill counties, E. B. Flanery of Herd, Jackson county, newly appointed agent, reported to prohibition headquarters.

Jim Hubbard, Finley Madden and Green B. Isaacs, arrested in Jackson county, were charged with making moonshine and held over for the November term of federal court at London; Clarence Rowland and Millard Sparks were arrested at Ross Creek, in Estill county, on the charge of operating a still and will be tried London in November.

Chester Lake, alleged moonshiner, for whom federal agents were searching, with the aid of a young girl, his sister, is being held in the officers.

One of the most completely equipped and carefully hidden stills operating in Kentucky was found on the waters of Horse Lick Creek, in Jackson county, Monday, Mr. Flanery reported. Hidden in a rock cave of large dimensions and approached by a single passage by crawling on one's hands and knees, the still sat at the head of a large everlasting spring. The still was a 65-gallon one, with beer, mash and other stilling apparatus surrounding it. Two days were spent in an effort to discover an entrance into the cave finally found by Flanery, who crawled under the edge of a rock into the rock-walled cavern larger than an ordinary room.

In Garrard county, Sheriff Jas. Robinson with his deputies, Carter, Hicks and Morris, captured a 50-gallon still near the Kentucky river, below Camp Nelson, but the worth and all of the finished product had been removed before the arrival of the officers. While no arrests have been made yet, but from what can be gathered from them some important arrests will be made in the next few days. Evidence showed that the still had been in operation for several months and perhaps many years. A well beaten path from the still led to the home of John Wearlen, along this path wood and kindling could be found in profusion. He denies any knowledge of the still. Dead tracks led to the home of J. H. McKinzie, where several mash tubs were found and a quantity of mash, all of which were destroyed.

Expansion of the work of the Prohibition Department in Eastern Kentucky necessitates the enlargement of the office at Lexington headquarters, says a dispatch. Plans for larger quarters for the field agents, United States Commissioner and Assistant Prohibition Director are being outlined by Sam Collins, State Prohibition Director.

Jeffries Wants To Run

As forecast in this column a few weeks ago, County Judge C. G. Jeffries, of Adair county, will run as an independent candidate for Congress in the Eighth district, in opposition to Congressman Ralph W. Gilbert, who is assured of the Democratic nomination without an effort. Judge Jeffries is a Democrat, but was elected to his present office as an independent over his Republican opponent.—Louisville Times.

CATTLEMAN TELLS OF A WILD COUNTRY

(Kansas City Drovers' Telegram)

T. J. Robb, of Topeka, who is associated with E. G. Croker, of Matfield Green, Kansas, is bringing from the Rio Grande valley country of the extreme southern part of Texas to Kansas pastures 8,000 aged steers, has just arrived from that country. About one more shipment will complete this movement. For the first time in the history of the cattle industry cattle from the locality were brought to Kansas this season. Heretofore it was a quarantine district, but the work of freeing it from cattle ticks has progressed far enough to permit the movement by dipping them a certain number of times.

"That is a monster of a country in size, and wonderful in its physical make-up," said Mr. Robb in describing some of his experiences in getting cattle out. "No one except a Mexican or a native could ever find cattle in that brush covered country, stretching up and down the Rio Grande valley several hundred miles. So dense is this mesquit brush that a steer cannot be seen 100 yards away. In places this brush is so dense that a person cannot work their way through it. But the Mexican can go in and find cattle, and bring them out."

"We did not attempt to follow those Mexicans very far into the bushes, especially for the reason that rattlesnakes are very numerous, the big diamond back species, five and six feet in length. During my last trip we killed perhaps a dozen of them. They will not run from a person, but will

give a warning signal, then coil up, and elevate the head about two feet in the air and prepare to defend themselves. They are found everywhere, and very frequently bite horses and cattle. But the Mexicans pay very little attention to them."

"At Lardo, the big port of entry into Mexico, situated on the Rio Grande, we spent several days, and made a trip across the big cement bridge which spans the Rio Grande. Lardo is quite a modern city of about 30,000 people, but the town across the line shows the marks of revolution, and it is a sporty and strange looking place. Liquors are sold over there, and Americans never fail to cross just to see the sights and possibly sample the drinks just to see whether they have changed in effect and flavor. If anyone is curious about seeing a strange country and the biggest country out doors, a trip to the Rio Grande valley will satisfy their curiosity."

Nature Loves Bright Colors

We see the truth of this statement in the varicolored flowers, the vivid sunsets, the birds of brilliant plumage. But we never see it exemplified more attractively than in the person of a splendidly healthy woman. How does nature paint this health? Why, in the rosy cheeks, the transparent skin, the smooth red lips of such a woman. And she molds it in firm flesh and rounded contours. The ailing woman is deficient in natural coloring, and she does not even appear to advantage in clothes that would set off her more attractive sister. Many women who long for glowing health will find that they, too, can have these charms if they will give a trial to that remedy which brings strength to frail women—Lydia E. Pinkham's Vegetable Compound.

Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts And Coal Tar Remedies for Babies

Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Syrup Pepsin, a simple vegetable compound for constipation—So safe thousands give it to babes in arms—Now has largest sale in the world.

WHEN a man is in the 83rd year of his age, as I am, there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1875, nor since I placed on the market the laxative prescription I had used in my practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

From a recent portrait of Dr. W. B. CALDWELL, Founder of Dr. Caldwell's Syrup Pepsin, Born Shelbyville, Mo., 1839

Then the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of my Dr. Caldwell's Syrup Pepsin, which is a combination of Egyptian Senenna and other mild laxative herbs with pepsin.

Recently new medicines have been brought out for constipation that contain calomel, which is mercury, salts of various kinds, minerals, and coal tar. These are all drastic purges, many of them dangerous, and the medical profession

is warning the public against them. Certain coal tar products will depress the heart; certain salts give rise to intestinal poisoning, impaction and rupture of the intestines. If grown people

want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with pills and powders and strong drugs, even if disguised in candy? My remedy, too, costs less than most others, only about a cent a dose. A bottle such as you can find in any drug store, will last a family several months, and all can use it. It is good for the babe in arms because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal.

The formula of Dr. Caldwell's Syrup Pepsin is on the cover of every bottle, and the ingredients have the endorsement of the U. S. Pharmacopoeia.

\$10,000 Worth of Syrup Pepsin Free

In remembrance of my 83rd birthday I have set aside the sum of Ten Thousand Dollars to be given away in half-ounce bottles of my Syrup Pepsin. Only one Free Trial bottle to a family. All are constipated now and then, and here is an opportunity for you and your family to try Dr. Caldwell's Syrup Pepsin FREE OF CHARGE. Ask for your free bottle today, simply sending name and address to Dr. W. B. Caldwell, 514 Washington St., Monticello, Ill. Do not postpone this.

SHERIFF'S SALE

By virtue of execution No. directed to me, which issued from the Judge's office of the Madison Quarterly Court, in favor of S. E. Welch Department Store against Wilson VanWinkle, I, or one of my deputies, will on

Monday, June 5, 1922

between the hours of 1 o'clock p. m. and 2 o'clock p. m., at the court house door in Richmond, Madison county, Ky., expose to public sale to the highest and best bidder, the following described property (or so much thereof as may be necessary to satisfy Plaintiff's debt, interest and costs) to-wit:

A certain lot or parcel of land situated on Boone street, in Berea, Madison county, Ky., and bounded as follows:

Bounded on the north by land of J. R. Baker; on the east by Elden Baker; on south by M. G. Cruse, on west by Boone street, being same lot of land sold by M. J. Carrier to M. G. Cruse, or so much thereof as will be necessary to satisfy Plaintiff's debt of \$300 with 6 per cent interest from October 12, 1920; court cost \$8.80 and cost of this sale; levied upon as property of M. G. Cruse.

Terms—Sale will be made on a credit of 3 months, both with approved security required, bearing interest at the rate of 6 per cent per annum from day of sale and having the force and effect of a judgment.

Misses Georgia and Britton Moss left Tuesday for their home in Stanford.

Mr. and Mrs. Bud Long and sons, of Lexington road, spent Sunday with Mr. and Mrs. Jas. Long.

Miss Beatrice Taylor Tudor was the guest of her cousin, Miss Gladys Tudor, for the week end.

Mr. Robert James Million left Sunday for Chicago where he takes a course in the study of electricity.

Miss Bernice Tudor, a student of Model Hi. has been at home on account of illness.

Our school closed last Friday, and we regret very much to see our teachers, Misses Georgia and Anna Britton Moss and Bertha Tabor, leave. They were very efficient and competent and we experienced a most successful school year. We hope to have them again next year. The high school play "A Poor Married Man" was a success in every way. All the characters showed splendid training which was due to the patient efforts of their director, Miss Georgia Moss.

Rheumatism at 60

S. S. S. Thoroughly Rids the Body of Rheumatism Impurities.

Somebody's mother is suffering to night. The source of rheumatism has wrought her body; limping and suffering, bent forward, she sees but the common ground, but her aged heart still belongs to the start. Don't anybody care? S. S. S. is one of the greatest blood-purifiers known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never disturbs the stomach. It is, in fact, a splendid tonic, a blood maker, a blood enricher. It banishes rheumatism from joints, muscles and the entire body. It builds firm flesh. It is what somebody's mother needs tonight. Mother, if you can not go out to get a bottle of S. S. S. yourself, surely somebody in your family will. Somebody, get a bottle of S. S. S. now! Let somebody's mother begin to feel joyful again tonight. Maybe, maybe it's your mother! S. S. S. is sold at all drug stores in two sizes. The larger size is the more economical.

How glorious you will feel, mother, when your rheumatism is all gone. Yes, S. S. S. do it. It will build you up, too!

Millions of housewives use Calumet Baking Powder because of its dependability—because when they place their baking in the oven, they know it will "turn out" all right. They are confident of results because they know that no matter what they bake—pies, cakes, biscuits, muffins—the results will be the same—light, perfectly raised, wholesome foods.

CALUMET BAKING POWDER

never disappoints. Don't prepare bakings with expensive ingredients and then have them spoiled because of an inferior leavener.

Have the same assurance that the majority of other housewives have.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

Ice Cream

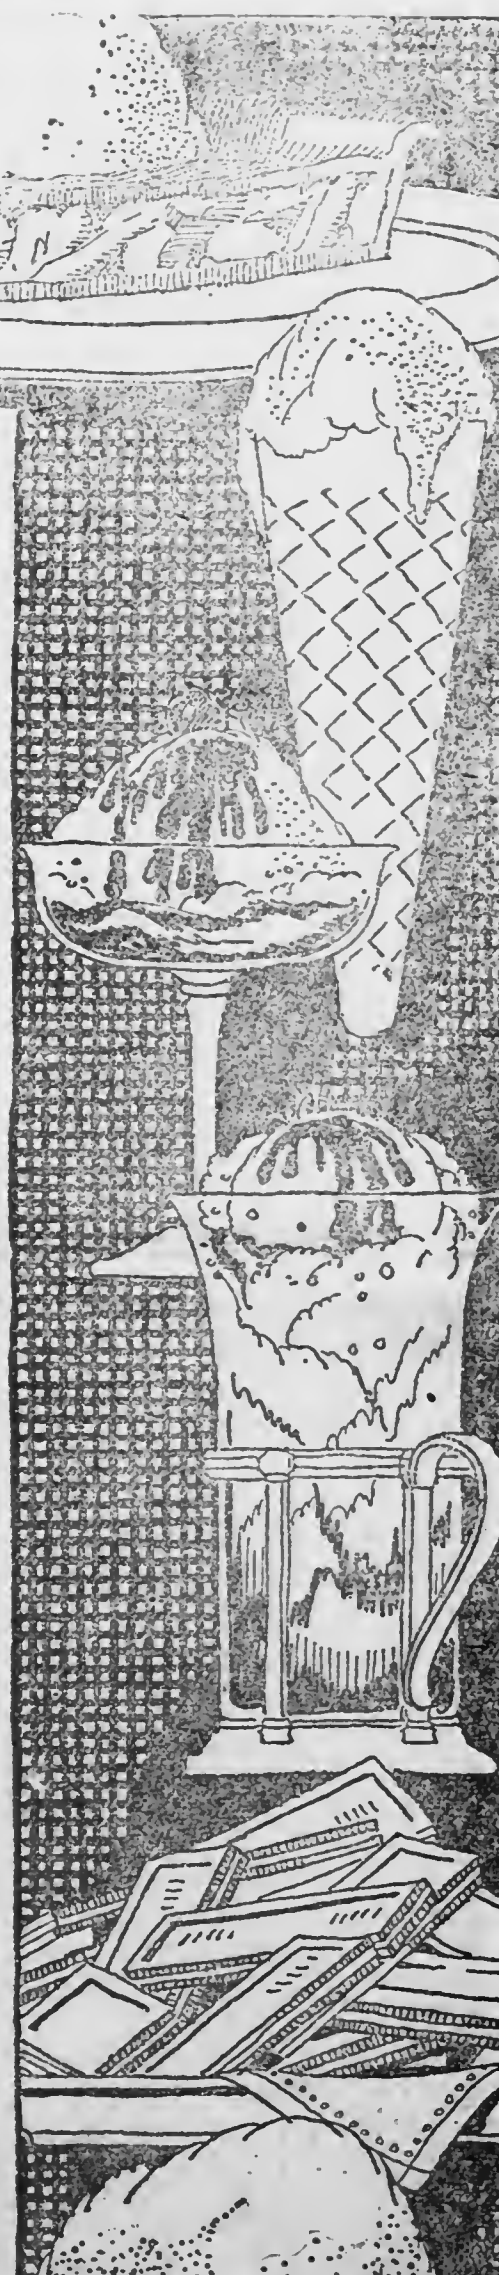

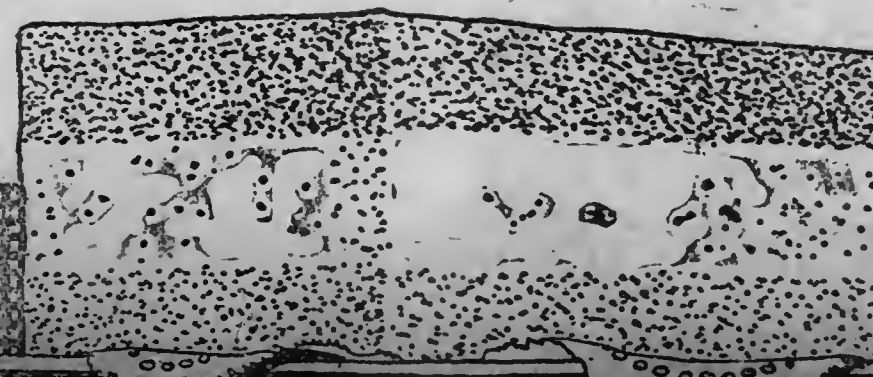

The warm weather food

With the coming of warm days, when appetites need stimulating, thoughts turn naturally to the soothing coolness of Ice Cream.

And when rightly and sanitarily made as we make it, Ice Cream is a healthful and nourishing food.

If you would enjoy the best of health during the summer—EAT PLENTY OF ICE CREAM.

Bran Muffin Recipe By Washington Chef

ANTHONY GIACOFCI

Housewives may now regale their guests with the same kind of bran muffins Marshal Foch and many other noted visitors at Washington have talked about. The opportunity is presented through Anthony Giacofci, chef of the New Willard Hotel, one of the big hostilities of the National Capital. Here is the recipe which Chef Giacofci says will make one dozen muffins:

Four tablespoonfuls flour, four tablespoonfuls bran, one tablespoonful lard, one tablespoonful butter, one tablespoonful baking powder, one tablespoonful sugar, two eggs, one-fourth pint cold milk, a pinch of salt.

Mix the above thoroughly, flour with baking powder, add lard and butter, mix and add bran, eggs and milk, bake in hot oven twenty minutes.

Fleming Farmers Build Concrete Dipping Tank

Lexington, Ky., June 2.—Fleming county claims the result of one of the most unique forms of co-operation to be found among farmers in Kentucky, according to Earl G. Welch, farm engineering specialist of the College of Agriculture. Five farmers in one community have just completed the co-operative construction of a concrete dipping tank on the farm of one of their members which they will use in dipping their sheep and hogs. The vat, which is two feet wide, eight feet long and four and one-half feet deep, cost a total of \$50, including the expenses for labor. Plans and specifications for it were furnished by the College of Engineering department. Farmers who co-operated in construction of the tank were J. W. Shockley, Ned Kendall, John McCue, Holt Kendall and Chas. Harbison. It was built on the farm of Mr. Kendall. Interest aroused by its construction is expected to result in the construction of similar tanks by farmers in other communities. County Agent H. K. McKenney said.

RICH BACHELOR

WANTS WIFE

"Many people have blamed me for not getting married. Since childhood I have suffered from stomach and liver trouble, never being able to get any medicine or doctor to help me. Now I feel Mayr's Wonderful Remedy has entirely cured me. I am anxious for a wife." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. L. Perry and druggists everywhere. 1t

ANOTHER RICHMOND CASE

It Proves that There's a Way Out for Many Suffering Richmond Felks

Just another report of a case in Richmond. Another typical case. Kidney ailments relieved in Richmond by Doan's Kidney Pills.

D. B. Gayhart, Irvine street, Richmond, says: "I had attacks of kidney complaint. My back was weak and I had a dull pain through the small of it, just over my kidneys. I was stiff and lame through the muscles of my back and when I got up mornings I could hardly get around. I was told that Doan's Kidney Pills were good for that trouble so I got a box at Stockton's Drug Store and they relieved me right away. If I ever have another attack I will take Doan's Kidney Pills for they act quickly on the kidneys."

Price 60c all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mr. Gayhart had. Foster-Milburn Co. Mfgs., Buffalo, N. Y. 2 9 16

On June 1st, 1864, guerrillas burned the jail at Stanton, Powell county, and "turned over" the county clerk's office. They had previously destroyed the court house.

GIRLS! LEMON JUICE BLEACHES FRECKLES

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of the best freckle and tan bleach, and complexion whitener.

Massage this sweetly fragrant lemon lotion into the face, neck, arms and hands each day and see how freckles and blemishes bleach out and how clear, soft and rosy-white the skin becomes any of it."

London's, Latest

London calls this a dining gown, but we'll bet the reformers got it up to put an end to check-to-check dancing.

Watching the Results

"Jagsby always insists that his friends drink first."
"That used to be a mark of courtesy."
"But now?"
"It indicates discretion."

A Bargain

Grocer: "Yes'm, you'll find this 30 cent butter would be cheap at half the price."

Mrs. Border-Lodge: "Yes, I know it would. I've tried it before and my boarders eat hardly any of it."

FOREMAN SAYS THE WATCHMAN TOLD HIM OF IT

Ashby Gains 20 Pounds Taking Tanlac and Says They Can't Ring the Dinner Bell Too Quick To Suit Him—Feels Like a Boy of Twenty

"Tanlac helped me gain twenty pounds and made me feel as well as I did when a boy of twenty," said W. A. Ashby, 1003 Commercial St., Petersburg, Va. foreman for the Petersburg Trunk and Bag Co.

"For three years my stomach was so disordered I couldn't eat a thing, not even milk and eggs, but what caused a heaviness and burning like fire in my stomach. Then my knees and ankles got so swollen up with rheumatism I could hardly hobble around. On top of all this I took the 'flu' and when I got up from that spell I was worse than ever.

"The watchman at the factory got me to taking Tanlac and now my appetite is so keen they can't ring the dinner bell too quick. I never have indigestion and the rheumatic pains and the swelling have all gone. I will always bless the day I got Tanlac."

Tanlac is sold by all good druggists.

Clay Deputy Jailer Releases

Prisoner and Goes With Him Manchester, Ky., June 2.—Lloyd Scott, deputy jailer, is missing, and with him Charles Mays, a prisoner, who was serving a sentence of several months for moonshining, bootlegging etc. It is believed that Scott released Mays and that they have made their escape. Scott took keys belonging to the jail. The jail is being closely guarded to prevent a jail delivery. As soon as it was known that the men were missing, Jailer Lewis offered a reward of \$100 for the return of Scott and \$50 for Mays. A posse of six or eight men with deputies are scouring the country for the men. They were seen at daybreak, about one mile north of town. Scott first came here as a prisoner, serving a short term. When deputy jailer Marcum was dismissed, Scott was appointed to his place.

LORMAN - ROBINSON SHOWS EXHIBIT HERE ALL NEXT WEEK

The Lorman-Robinson Famous Shows which will exhibit here all next week, will show on the Barnett lot on Red House pike on account of being unable to secure a location large enough in the downtown section to erect their shows and rides on the lot which all shows have been exhibiting on lately is too small. They are carrying with them ten high class shows, three riding devices and other attractions too numerous to mention. A down town band concert each afternoon. The show will arrive here Sunday on its own orange colored special train and will be open and ready for business Monday night, June 5th. adv

County Fiscal Year Same As the Calendar Year

Under a new law the fiscal years of the various counties of the state which have heretofore been the same as state fiscal year, from July 1 to June 30, are made the same as the calendar year. This will do away with considerable confusion in the popular mind, it was pointed out, as reports of the county affairs for any year will conform to the fiscal year on which most persons and firms base their calculations.

STORED MEATS SHOWING GAIN

S. A. Deatherage, who is in charge of the cattle department of Norris, Brock Co., the well known commission salesman of Cincinnati, sends the Daily Register a copy of the Daily Drovers' Telegram, of Kansas City, with the following which he thinks will be of interest to the cattle and stock men of this section:

All meats in storage—Pounds
May 1, 1922 807,939,000
April 1, 1922 802,318,000
All pork in storage—Pounds
May 1, 1922 508,537,000
April 1, 1922 501,222,000
May 1, 1921 502,190,000
All beef in storage—Pounds
May 1, 1922 64,421,000
April 1, 1922 69,416,000
May 1, 1921 122,188,000

The above tabulations tell a very vivid tale of the meat storage situation, comparisons being the most recent to be had, and from the report of the United States Department of Agriculture.

During the 30 days of April, 1922, all meats in storage gained only 4,641,000 pounds, while the decrease of meats in storage as of May 1, 1922, amounted to 386,991,000 pounds. This decrease was virtually 35 per cent of the total of all meats in storage as of May 1, 1922.

The gain in pork storage during the 30 days of April, 1922, was only 2,315,000 pounds, or half of the total gain made by all meats in storage as of May 1, 1922. The amount of pork in storage on May 1, 1922, was 208,653,000 pounds less than was in storage on May 1, 1921.

During the month of April, 1922, all beef in storage decreased materially and the May 1, 1922 figures on stored beef show a big decline as compared with the data for beef in storage as of May 1, 1921.

Lard in storage made good gains during April, 1921, but the supply in storage on May 1, 1922, was greatly decreased from May 1, 1921.

POPULAR SWEATERS

In the bright lexicon of youth is written the sweater, and a sweaterless wardrobe is not to be imagined—either for young or old. The tuxedo or sweater-coat is deservedly the most popular style, made of wool or of silk yarn like that one pictured here. It is shown in many colors and in black or white. Collar and cuff sets of checked silk or plain linen are fashionable with the quieter colors.

Seasonal Tips for Gardeners

In Kentucky the second planting of lima beans, string beans, late carrots, sweet corn and tomatoes should be made the first of June.

Regardless of whether tomatoes are staked or unstaked, it is a good plan to go over them about every ten days and remove suckers. This conserves the strength of the plant for fruit production. The suckers can be removed satisfactorily by using the thumb and forefinger or a sharp knife.

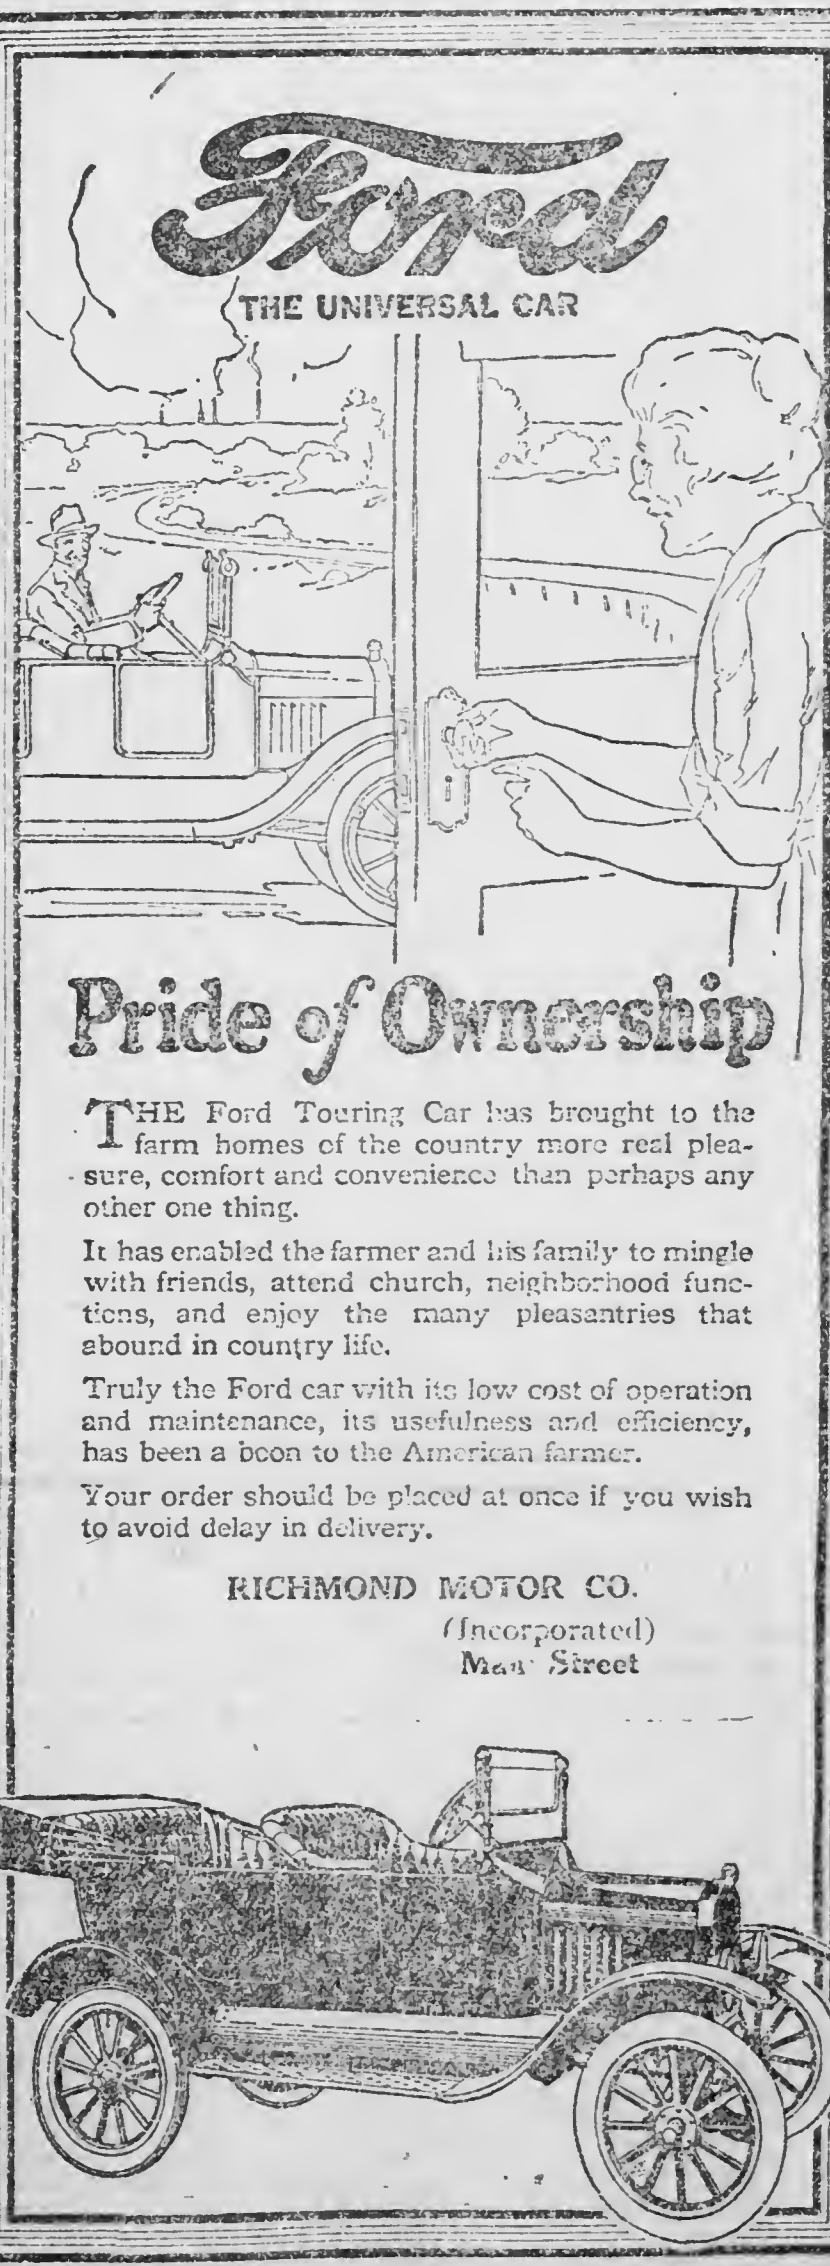

When tomatoes are sprayed for insects and diseases, care should be taken not to spray them while they are in bloom as this decreases the amount of fruit which the plants produce.

About June 1 is the time to make the second planting of wa-

termelons in Kentucky. Tom Watson is an especially good variety for planting at that time.

Equal parts of air-slaked lime and tobacco dust mixed together and sprinkled around cucumber, melon and squash plants act as a repellent to the striped cucumber beetle which already is reported to be giving some trouble, gardeners at the College of Agriculture say. Tobacco dust may be obtained by grinding tobacco stems.

"What's all that noise twice on oval at you house last night?" asked an old colored woman of another. "Sounded like a lot of catamounts done broke loose." "Dat? Why dat was nothing but de gen'man from the furniture store collecting his easy payments."

Pride of Ownership

THE Ford Touring Car has brought to the farm homes of the country more real pleasure, comfort and convenience than perhaps any other one thing.

It has enabled the farmer and his family to mingle with friends, attend church, neighborhood functions, and enjoy the many pleasures that abound in country life.

Truly the Ford car with its low cost of operation and maintenance, its usefulness and efficiency, has been a boon to the American farmer.

Your order should be placed at once if you wish to avoid delay in delivery.
